

Super Seniors World Team nominations

The Super Senior World Titles are due to be played in Turkey in October. The TSA Executive has expressed concerns about the security situation in that country, and has noted that the ITF are conducting a security review in conjunction with a security firm. There is the possibility that the venue may be changed and we are hopeful of receiving further advice from the ITF in the next few weeks. Accordingly, the Executive has decided to extend the closing date for nominations from the 1st April to 1st May at this stage, pending further information.
