

85+ ITF World Title Cup Teams

There are various rumours doing the rounds that the ITF are introducing an 85+ Cup competition, men or women, to the World Titles in 2017. One of these for example, is that if 6 nations get a team together, then the Cup will go ahead. We wish to advise players that NO decisions have been made in this regard. The matter is on the agenda of ITF Seniors Committee. Further information will be requested from National Associations early in 2017 before any final recommendation is approved.
