

## Australia win gold medals in the Women 55+ and the Men 60+ ITF World Team Championships

Australia have won gold medals in both the Womens 55+ Maureen Connelly Cup and the Mens 60+ Von Cramm Cup at the ITF World Teams Championships in Miami, USA. This event follows the successful Super Seniors World Championships held in Lake Nona a fortnight ago. Congratulations to all players on the outstanding results.

*Australia's Gold Medalists - W55+ and M60+*

The 29th October saw the start of the Seniors World Teams Championships. There were a total of 118 Teams (69 Mens and 49 Ladies) from 33 Nations competing across the six cups in the 50, 55's and 60's age categories. Some incredible tennis was played over the six days and I commend our players and their partners for their special Australian sportsmanship. They were a credit to Australian Seniors Tennis and should all be congratulated.
