

## IPIN and Australian ITF Tournaments

If you currently have a Seniors Circuit IPIN registration and are entering an Australian ITF tournament for the first time in 2020, you will need to renew your IPIN before entering as your password will no longer be valid for the new IPIN website. If you do not already have an IPIN, you will need to register for one.

Players will have an IPIN membership for a rolling 12-month period following the date of their registration or renewal. Registration and/or renewal of an IPIN is now free. However, players will need to pay an IPIN fee (A\$ 9) before their first match for each tournament. These fees are now to be paid directly to the tournament organisation. Players will not be required to make an IPIN payment after they have played more than 8 tournaments within a calendar year.

To renew your IPIN password:

- [Click here for the new IPIN site.](#)
- Click on Reset Password
- Enter your email address and click on Send Verification code
- A verification code will then be sent to your email address.
- Obtain this verification code and enter it along with your email address into the Reset Password dialog and click Verify Code
