

Change to Closing Dates for Young-Senior and Super-Senior Nominations

Following the ITF's postponement of the Seniors World Championships, no decision has been made on the holding of the Young-Seniors and Super-Seniors events in September and October respectively. Given the current uncertainty, the TSA Executive has decided to change the closing date for these events from April 21 to TBA. Once information is available, this will be shared with you on the TSA website and Facebook pages. People who have already nominated your nomination is current and will stand.
