ACCOMMODATION.

We have arranged an accommodation deal at the Edith Cowan University. They have available single accommodation in units of 6 and also 1 B/R units (self-contained) for couples or two people.

Each unit contains 6 lockable bedrooms; 2 showers & toilets; kitchen & common room at \$50 per night per person.

Self-contained units are \$110 per night (2 people).

There is a common laundry unit with coin operated machines in the grounds.

We have booked 6 units (36 single rooms) and 6 S/C units. The S/C units have already been allocated to players. There are more S/C units available and we need to know if players want them.

The University will not know until November how many units will be available until students leave for the year. So we need to know if players wish to book and when we find out how many units are available they will be allocated on a "first in – first served" basis. We also need to know definite arrival and departure times.

HOPMAN CUP TICKETS.

We have been told that special packages for tickets to Hopman Cup (held the week prior to the event) will be available before being open to the public. We have not received prices as yet. Final will be on Saturday night 7 January. So if you want to go earlier to see some more of the tennis and need above accommodation we need to know arrival date.

A list of alternative accommodation is available on our website: www.tennisseniors.org.au/qld click on Tournaments tab at top and go to Australian Championships.

PLEASE LET CORAL KNOW ASAP if you are interested in the accommodation and your name will be put on our list. We prefer you do not ring the University direct as we can arrange a better deal as a block booking.
